

# NEXSENS MCIL-8 CABLE ASSEMBLIES

## WIRING

Figure 1: NexSens Cable Assemblies.

### Overview

The NexSens MCIL-8 flying lead cable assemblies come as a female or male wet mateable cable with a locking sleeve available for interfacing with a variety of water quality instruments.

**Note:** The male and female wire colors match the same pin on both cable styles; however, their respective pin arrangements are different (Table 1). Ensure to follow the pin arrangement of the purchased cable.
